General and Revenue Secretariat

U.O.No. 48 Dated 10th December 1932.

Returned with compliments to the Secretary to the Government of Mysore for Railways, Mysore.

Rules in the Railway Department are that prior deposits are necessary for any work to be done in the workshops for other departments. In the case of Branch Press, a number of orders are placed on the shops for odd jobs and deposits are being insisted upon each time and refunds of unspent balances are also arranged for. The Branch Press undoubtedly --- undertakes all printing work of the Railway Deptt. and bills for supplies and services are generally due by the Railway Deptt. To ensure reciprocity between two Government Departments not much ~~official~~ financial objection can be felt for compliance with the request of the Press, provided the monthly ~~months~~ as intimated by the Loco Superintendent are permitted to be deducted from the bills rendered by the Press. This suggestion involves that the Railway method of adjustment of Railway claims in civil accounts should be settled by the Branch Press in consultation with the Comptroller as regards accounting and acceptance.

I agree that payment in advance need not be insisted on in respect of work done in the Railway workshop on account of the Branch Press in Mysore. But the procedure of adjusting the value of work done in the workshop from the bills rendered by the Press on account of printing charges etc., suggested by the Auditor and the Railway Secretary is not correct. The dues to the Railways by the Press and the dues to the Press by the Railways should be adjusted separately in accordance with the procedure prescribed therefor.

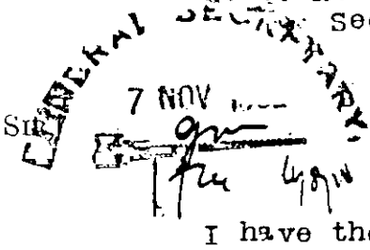
FROM

B. PUTTAIYA, ESQ., B.A.,
Superintendent, Government Printing,
Bangalore.

To

P+S 35-32-1

H. V. Ramaswami, Esq., M.A., B.L.,
Secretary to Government, General Department,
BANGALORE.



SIR,

I have the honour to state that all workshop repairs to be done for the Branch Press at Mysore are undertaken in the Loco Office of the Railway department. But they insist upon the payment of an advance each time a repair work is sent. But in Bangalore, the industrial workshop which undertakes all the repair work of the Central press does not demand an advance but executes the work and sends bill for payment after execution of the work. This latter procedure is found to be very convenient as it ~~xxx~~ enables the article to be receipted and payment arranged through the Comptroller after stock certificate is recorded. The other procedure is causing great inconvenience and confusion in maintaing accounts and noting adjustments. A copy of letter No: 604, dated 3rd October 1932 from the Assistant Superintendent, Government Branch Press, bringing to notice the difficulties experienced by him in this connection is enclosed for your kind perusal.

The Branch Press is doing the work of the Railway Department including that of the Loco Office but it does not demand an advance. On the other hand, the work is executed and a bill is sent for payment in due course. It is difficult to see what objection could there be for adopting the same

6

procedure in respect of works sent by the Branch Press to Loco Office. Government Order No: R.S. 1466-71/ Ry.F. 2/O.L. 24-25, dated 30th January/3rd February 1925 is quoted in justification of the procedure adopted. But that order seems to apply to large works requiring contributions. It may not contemplate execution of petty repairs for the Branch Press. What is required is a reciprocation of procedure between the Branch Press and the Loco Office. When the Branch press does work for the Loco office and does not demand any advance payment for it, the Loco department may reciprocate the same procedure and execute works for the Branch Press without demanding any advance therefor. This mutual obligation is suggested in order to save a lot of avoidable accounting and maintenance of accounts for long periods causing confusion as stated by the Assistant Superintendent in his letter.

In these circumstances, I request that sanction may be kindly accorded for the adoption of the procedure outlined above in regard to repairs to be executed for the Branch Press by the Loco department of the Mysore Railways.

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent,
Government Printing.

D.v.s.

Letter No: 604, dated the 3rd October 1932, from the Asst. Superintendent, Government Branch Press, Mysore, to the Superintendent, Government Printing in Mysore, Bangalore.

==========

In forwarding herewith copy of correspondence between this office and the Agent, Mysore Railways, Mysore, I have the honour to state that a lot of inconvenience and confusion is caused to this office in paying the advance to the Loco Department for the works sent by this office and keeping the accounts until the final bill is received and the account settled. It takes several months for the department to adjust the accounts. Therefore, I request you to kindly approach Government in the matter and get Government sanction for getting the work of the Government Branch Press done without any advance. As we are doing work for all Railway Departments on credit basis and several of our bills are outstanding each month in one or other of the several Railway Departments, there is no fear of the amount due by us to the Railway Department being unpaid.

Copy of letter No: 552, dated the 22nd September 1932, from the Asst. Superintendent, Government Branch Press, Mysore, to the Agent, Mysore Railways, Mysore.

I have the honour to state that this office has been sending to the Loco Workshops, now and then, some machine parts for repairs, etc., for which the Loco Superintendent, requires an advance to be paid before the work is taken up. A lot of inconvenience is caused to us in keeping the accounts until the final bill is received in this office and the account settled. As this is a Government Office doing all the work for all the Departments of the Railways on a credit basis I request you to kindly instruct the Loco Superintendent to take up the work sent by the Government Branch Press without any advance and send up a final bill for the work done.

---

R E A D:

Letter No. P. 857 dated the 7th November 1932 from the Superintendent, Government Printing, Bangalore, requesting that the Loco Department of the Mysore Railways may be directed to undertake all workshops repairs to be done for the Branch Press at Mysore without the payment of an advance.

....

ORDER NO. G. S. 611-33

Dated 9th Feb. 1933.

The Superintendent, Government Printing reports that under the authority of ~~the~~ Government Order R.S.1466-71/Ry.F.2/O.L. 24-25, dated 30th January/3rd February 1925, the Loco Superintendent has been insisting on advance payments for all repairs executed in the Railway Workshops on behalf of the Govt Branch Press at Mysore. He states that this procedure is causing great inconvenience and confusion in maintaining accounts and noting adjustments. On the other hand the Branch Press which does the printing work of the Railway Department including that of the Loco Office does not demand any advance and the bill is received and adjusted in due course after -

P.T.O.

execution of the work. He, therefore, suggests that the Loco Department may reciprocate the same procedure in regard to the workshop repairs of the Branch Press so as obviate a ~~lot of~~ practically avoidable inconvenience brought to notice. The Agent and Secretary, Mysore Railways, who was consulted in the matter is agreeable to the proposal provided that the monthly amounts as intimated by the Loco Superintendent for the workshop repairs are allowed to be adjusted from the bills for printing works rendered by the Branch Press.

While agreeing with the opinion of the Superintendent, Government Press and the Railway Secretary that payment in advance need not be insisted for in respect of work done in the Railway workshop on account of the Branch Press in Mysore, Government do not consider that the procedure suggested by the Railway Secretary for adjusting the dues from the bills rendered by the Press on account of printing charges etc. is ~~strictly~~ correct. The bills of each Department should be adjusted separately in accordance with the procedure prescribed therefor.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read :—

Letter No.P. 857 dated the 7th November 1932 from the Superintendent, Government Printing, Bangalore, requesting that the Loco Department of the Mysore Railways may be directed to undertake all workshops repairs to be done for the Bench Press at Mysore without the payment of an advance..

O r d e r, No. G. 3611-3 / P.Ps. 35-32-2

Dated, Bangalore the 9th February 1933.

The Superintendent, Government Printing reports that under the authority of Government Order R.S. 1466-71/Ry. F. 2./O.L. 24-25 dated 30th January /3rd February 1926, the Loco Superintendent has been insisting on advance payments for all repairs executed in the Railway Workshops on behalf of the Government Branch Press at Mysore. He states that this procedure is causing great inconvenience and confusion in maintaining accounts and noting adjustments. On the other hand the Branch Press which does the printing work of the Railway Department including that of the Loco Office does not demand any advance and the bill is received and adjusted in due course after execution of the work. He, therefore, suggests that the Loco Department may reciprocate the same procedure in regard to the workshop repairs of the Branch Press so as to obviate a great deal of avoidable inconvenience brought to notice. The Agent and Secretary, Mysore Railways, who was consulted in the matter is agreeable to the proposal provided that the monthly amounts as intimated by the Loco Superintendent for the workwhop repairs are allowed to be adjusted from the bills for printing works rendered by the Branch Press.

While agreeing with the opinion of the Superintendent, Govern-

ment

(13

Government Press and the Railway Secretary that payment in advance need not be insisted on in respect of work done in the Railway workshop on account of the Branch Press in Mysore, Government do not consider that the procedure suggested by the Railway Secretary for adjusting the dues from the bills rendered by the Press on account of printing charges etc., is correct. The bills of each Department should be adjusted separately in accordance with the procedure prescribed therefor.
